

Hampton Mosquito Control Committee
September 2, 2009

Meeting Minutes

Members Present: Ann Kaiser, Chairman; Russ Bernstein, Secretary
Members Absent: Rich Reniere

Meeting called to order at 7:07pm.

Ann would like to step down as Chairman and will ask the BOS to advertise for a new member.

The 2010 Budget will have to be increased modestly from last year's \$110, 000 to \$111, 250 to account for increased costs in Larvaciding and Greenhead Trap maintenance.

We voted to submit a Warrant article for \$51,250 in order to keep the town budget number at \$60,000.

Are outlays so far this year seem to be the same as last year, so we should have enough money to complete all services for this year.

There have been few complaints and calls. Sarah has been very responsive to our calls for help.

The Dept. of Health and Human Services has not declared Hampton an emergency area this year, like they did the previous two years. Therefore, we are not eligible for the 25% reimbursement. Last year we were reimbursed \$19,000.

No further business. Meeting adjourned at 7:28.

Respectfully submitted,
Russ Bernstein
